All questions are compulsory.

Marks: 70

Section A

Instructions: This section has a case. Read carefully before answering the subsequent questions. There are 4 questions in this section. All questions are compulsory. Each question has 3 or 2 options. Choose ONLY ONE option which you consider the most appropriate option and mark it on the answer sheet given to you.

Marks: 10

The Municipal Corporation of a city recently constructed a garden with modern facilities under a flyover/ bridge. The citizens greatly appreciated this project as the city has very few open spaces and gardens. The success of this project has encouraged the municipal corporation to construct many such gardens under flyovers.

However, the city's Road Development Corporation is against the construction of more such gardens, as it becomes difficult to do maintenance work of flyovers.

Further, some urban development experts believe that these space should be used for –

a) managing traffic, b) building parking lots, etc., as the city suffers from severe traffic jam problems.

1. According to you, what is the primary problem in the above situation?
 - a] Efforts were not made to find out which group's concerns are most important to be addressed.
 - b] The fact that there are many stakeholders in the situation was missed.
 - c] No one could come up with one good solution for using the space properly.
2. The mayor of the city has set up a committee to come up with a solution on how the space needs to be used. Who will you choose as the chief of the panel?
 - a] Mr. Khurshed: "We should to be ready to rework on the solution many times before we can arrive at a final answer."
 - b] Mr. Pambar: "Each group has different concerns. If we look at it practically, arriving at a solution will be very difficult."
 - c] Ms. Mitra: "We have been assigned the task of finding solution for this problem. Let's do the best that we can."
3. While building any solution/ plan which can impact many people, it is important to consult different groups –
 - a] So that there is less resistance from any group.
 - b] So that more people can benefit from it.
4. A city planner/ architect would be successful if –
 - a] People find it easy to live in the cities built by him.
 - b] His plans are showcased as 'role-model plan' in the world.

Section B
